If you know of someone who struggles to read, please encourage them to contact us and begin the exciting journey to becoming a confident reader.

We offer free, confidential, one to one coaching to adults who want to learn to read or improve their reading. Please contact Claire on 07941 515220 or tewrleader@readeasy.org.uk

There really is something for everyone and with the Paris Olympics taking place this summer, children can get in on the action by having a go at archery, fencing, football, wrestling and table tennis.

All activities are run by qualified professionals at locations across the borough.

Sessions are **free to attend** funded by the council's Safer & Stronger Communities programme with support from the Police and Crime Commissioner and the Government's Levelling Up Fund.

How to go stargazing

Read up on all the super interesting mythology and folklore surrounding the stars in our sky!

You don't need a telescope to see the beauty of the night sky...

How to prepare

- 1 The first step is making sure to dress appropriately. It can get really cold at night so go wild with the layers!
- 2 Don't forget the essentials. You'll need something to lie on, like a picnic blanket, and also a compass so you know which way you're looking.
- 3 The non-essentials will make it an extra special evening: take a flask of hot chocolate and some snacks too. You could even take out a sketchpad, so you can draw what you see.
- 4 If you have a smartphone, download a stargazing app to help you pinpoint constellations. Remember to turn it, and any other lights, off when you're ready to stargaze. It takes some time for your eyes to adjust to the darkness.

What to look out for

- 1 Watching the sunset is a magical start to any stargazing adventure.
- 2 If you're really lucky you might see a shooting star - don't forget to make a wish!
- 3 Look for constellations. One of the classics is Orion's Belt. Look towards the southwest and try to spot three bright stars close together, and then two stars to the north and to the south.
- 4 Canis Major (it means greater dog in Latin) is another constellation to look out for and is found down and to the left of Orion's Belt. It should be easy to spot as it includes Sirius, the brightest star in the sky!
- 5 Keep an eye out for satellites. These will be slowly moving across the sky and not flashing.

Student & Child Travel 2024-25

Dear Parents and Guardians,

Now that the time is fast approaching for all year 6 pupils to move up to secondary school, we understand that for some pupils this will mean taking a bus to school for the first time, so Arriva would like to take this opportunity to inform you of the options we have available to support you in getting your child to their new school safely.

Arriva's Child & Student Saver tickets not only provide your child with reduced priced bus travel costs on their journeys to-and-from school, but they can also use their ticket to travel at evenings, weekends and throughout all school term holidays.

You can spread the cost of your child's saver tickets over affordable monthly payments using our easy-to-use direct debit system. It's simple to apply, and there's no setup fee or minimum contract required, which means you can cancel your direct debit and stop your ticket at any time should your circumstances change.

To arrange your Direct Debit and for further information please scan the QR code or follow the link below:

www.arrivabus.co.uk/monthlytickets

Child Saver tickets are valid for pupils up to and including year 11.
Student Saver tickets are available for anyone aged 16+ in full time education.

To ensure you get your tickets in time for the start of the new academic year, you can register for this ticket now but set your payments to commence after the summer. Once we have received your first payment, your ticket will be sent to you, and you won't need to worry about your child paying for tickets on the bus. You can choose to receive the ticket by post or download the Arriva UK bus app onto the ticket holders' phone and we can send an m-ticket to their app instead.

For travel information including local maps and timetables

For further info, please email:

Nature Project

How to make your own **BUGHOTEL**

Give nature a home!

1 Collect items

Collect items to make the hotel such as: bricks, netting, wooden boxes, pallets, logs, pine cones, dry leaves and dry grass.

How to make your own **BUGHOTEL**

Give nature a home!

2 Choose a suitable location

It needs to be level and the ground firm. You'll get different residents depending on where you place your hotel, as some (like woodlice) enjoy cool, damp conditions, while others (such as solitary bees) prefer the sun.

ENVIRONMENT

Give nature a home!

3 Build a basic structure

Make a stable framework, no more than a metre high. Layer old wooden pallets and some bricks to create the structure.

4 Add some hideaway spaces.

Fill the gaps with the rest of the materials, creating all sorts of nooks and crannies and hideaways.

Try leaving a pile of logs in your garden and see what arrives.

Staying Safe

Dogs die in hot cars

Share this today and save a dog's life

Never leave your dog alone in a car

If it's 22°C outside, inside a car it can get to 47°C within 60 minutes

In hot stuffy vehicles dogs cannot cool themselves down, even with the windows open

Heatstroke can be fatal to dogs

If you see a dog in a car on a warm day, call 999

STAY SAFE

GET SEPSIS SAVVY SPOT THE SIGNS SAVE LIVES

WHAT ARE THE SYMPTOMS?

There's no one sign of sepsis and symptoms present differently in adults and children.

CHILDREN	ADULTS
<p>Any child may have sepsis if they:</p> <ul style="list-style-type: none"> • Are breathing very fast • Have a 'fit' or convulsion • Look mottled, bluish, or very pale • Have a rash that does not fade when you press it • Are very lethargic or difficult to wake • Feel abnormally cold to touch <p>Darker pigmented skin may show colour changes in more lightly pigmented areas, like the inside of the forearm or palms.</p>	<p>Any adult may have sepsis if they show any of these signs:</p> <ul style="list-style-type: none"> Slurred speech or confusion Extrême shivering or muscle pain Passing no urine (in a day) Severe breathlessness It feels like you're going to die Skin mottled or discoloured <p>Darker pigmented skin may show colour changes in more lightly pigmented areas, like the inside of the forearm or palms.</p>

WHAT SHOULD I DO IF I SUSPECT SEPSIS? Seek medical help urgently. Call 999 or visit A&E if someone has one of the sepsis symptoms. If you're worried about an infection but don't suspect sepsis, Call 111 or contact your GP.

JUST ASK "COULD IT BE SEPSIS?"

Stay safe this summer

- 👉 **Watch out for open windows:** Small children can climb up and fall out
- 👉 **Be burns aware:** BBQs and firepits stay hot enough to burn for a long time after use
- 👉 **Swim safely:** Little ones can drown in as little as 5cm so they need you to stay with them near water at all times
